Director Rodriguez reported that a group of parents of middle school students would welcome a bus route that would enable children to get to Eagle Peak middle school in Redwood Valley. MTA has a bus route with a stop two blocks from the school arriving at 7:18am. General Manager Meyer noted that this request will be put before the Route Committee.

**8. FY 2016/17 Fiscal and Compliance Audit/single Audit**

General Manager Meyer thanked Michael O'Connor of R.J. Ricciardi, Inc. CPA and Kate Stornetta of Stornetta Accounting Agency for attending the meeting. General Manager Meyer mentioned that she and her staff are pleased that last year's books are closed and that MTA had no findings. Michael O'Connor, CPA, who conducted the audit further explained to the assembled group that having no findings is a 'clean' opinion and this is a very favorable report. The 'Net ' position can be found on pages 7 & 8 showing a substantial reserve to be used for capital expenditures.

Director Gjerde had a question on CalPERs growth (see p.16). Finance Manager Mark Harvey indicated fluctuations will be a result of CalPERs financial growth. He will forward information to the Board Members so that it will be clearer how CalPERs arrived at the figures shown.

General Manager Meyer recommended that the Board form a Finance Sub Committee to study financial data in detail.

MCOG representative Janet Orth had a question on retained earnings answered and asked that the next audit break out the restricted funds more clearly.

Kate Stornetta explained that working with Mendocino County's MUNIS system is challenging and it involves studying multiple spreadsheets. We have found some entries must be placed in different line items for clarity.

Director Cross noted that not many MTA employees are using the 457 Deferred Compensation Plan. Perhaps the Finance and Human Resources Departments can encourage usage by providing information on the benefits of the Plan.
