

Mendocino Transit Authority (MTA)

**REQUEST FOR PROPOSALS
Consulting Services for the MTA Electrical Safety Program**

Addendum #2

07/11/2025

Questions (Q) & Answers (A):

1. Q: We note that the list of Deliverables on p8 includes "Maintenance SOPs" as distinct from SOPs for BEBs. In the absence of any further reference to this deliverable within the RFP, our assumption is that this relates to additional SOPs for standard shop practices. Is this what it is referencing?

A: Yes.

2. Q: California Levine Act - we note that no standard disclosure form is appended to the RFP for the required Attachment 2C. We could not immediately find any such standard disclosure form on the Mendocino County website and assume that a simple declaration will suffice? Grateful if you could confirm.

A: Attachment 2C is not required.
